VIVE XR ELITE

Business Edition

Compact.
Convertible.
Powerful.

Vibrant, precise XR

VIVE XR Elite features a brilliant, full-color passthrough camera and depth sensor that enable you to interact with virtual objects in your real-world space. Open up new possibilities in mixed reality for productivity, training, and collaboration.[1]

Get more done with VIVE XR Elite

Training and Simulation

Enable your employees to understand complex information quickly. Reduce costs, minimise travel, and improve the safety of your training program.

Design Visualisation

Through XR, designers can iterate in real-time on human-centric ideas, eliminating the constraints of costly physical fabrication and mockups.

Skills-Based Training

Reduce employee training time and ensure delivery of high-quality parts by transforming expert knowledge into mixed reality work instruction on real equipment.

Collaboration

Immerse yourself in virtual meetings with personalised full-body avatars, or use full-color passthrough mixed reality to co-create and review projects in person to streamline your existing workflow.

Discover category-leading XR

Private and Secure

HTC VIVE safeguards the privacy and security of its customers and partners worldwide through certification in the ISO27001 and ISO27701 global standards. All VIVE headsets are 889 compliant and manufactured in TAA-designated countries.

Deployment at Scale

Quickly enroll your headsets, manage hardware settings/configurations, and monitor your devices remotely with VIVE Business+. VIVE XR Elite also supports 3rd-party MDM enrollment and functionality for Microsoft Intune, VMware, ArborXR, and more.

Designed for Extended Use

This headset features flexible power options that include the hot-swappable VIVE Elite Battery Cradle, detachable for enhanced portability. Glasses require an alternate power source for extended use.[2]

Modular and Versatile

VIVE eye/face[3] and Wrist Trackers enable highly-immersive training scenarios, providing realistic engagement with accurate object interaction and unique performance insights.

A perfect fit for business

VIVE Business+

Enterprise-level, web-based application to manage your VIVE XR Elite fleet. Optimize and scale up your operation with remote monitoring and setting updates.

Unlock the power of PC VR

Render more complex scenes and graphic-intense applications with VIVE Business Streaming software. Stream VIVEPORT and SteamVR™ PC-VR compatible content from your computer to your headset by cable or Wi-Fi 6E.[6]

Partner Program

From bespoke programs created by our trusted Independent Software Vendors and enterprise developers to off-the-shelf packages that will immediately transform the way you work.

OpenXR

HTC VIVE is committed to OpenXR the royalty free, open standard that allows developers to easily build multi-platform VR and MR applications. With OpenXR, developers can bring their content to different XR devices and expand their audience.

Comfortable and convertible

Get up to 2 hours[7] of continuous power with the VIVE XR Elite Battery Cradle. Hot-swappable and replaceable for all-day power. Exact fit with adjustable straps.

Made for heavy-duty graphics

Boasts a combined resolution of 3840 x 1920. Up to 110° field of view and a 90Hz refresh rate in a remarkably compact form factor.

Stay focused

Adjust the diopters on each lens to optimise focus for each eye. Also beneficial for nearsighted individuals.

Find your comfort zone

Our stepless IPD (inter-pupillary distance) sliding adjuster lets you fine tune your viewing experience for better comfort and visuals.

Brilliant, full-color passthrough

Blend physical and virtual worlds in mixed reality with the high-resolution RGB color camera and depth sensor.

Depth-sensing precision

Accurate tracking and spatial awareness in varied light conditions.[4]

Stay cool

An active cooling system makes for long-lasting comfort. Thermal optimisation keeps the temperature at ideal levels for enhanced performance and longer immersive sessions.

Go hands on

Skeletal-level hand tracking enables intuitive interactions.[5] Navigate, click, drag, scroll, and type with natural hand and finger movements.

VIVE Business Warranty & Services

Enterprise-grade support and services designed to protect your investment

Keep your operation running smoothly with VIVE Business Warranty & Services (BWS)The package includes a two-year limited commercial-use warranty. Support and services include next-business-day email response and expedited product repair or replacement to minimize downtime.
